

**YOU CAN REACH ZERO HAIs...**

**BE A CHAMPION!**

From your facility's cardiac surgeon to your maintenance engineer...

You can become a Champion of Infection Prevention by educating yourself on infection prevention & committing to a goal of zero HAIs. How do you do that...The Champion's Kit. The Champion's Kit helps you & your colleagues become Champions by providing the tools & resources to educate & launch a campaign for reducing infections in your facility.

Learn...commit...**BE A CHAMPION!**

The Champion's Kit was developed by the Association for Professionals in Infection Control and Epidemiology (APIC) in partnership with the Safe Care Campaign, and was funded by an education grant from Professional Disposables International, Inc. (PDI®). PDI is proud to support Infection Preventionists worldwide as a 2009 APIC Strategic Partner. To learn more about the APIC Strategic Partner Program and APIC's Corporate Guidelines, please visit [www.apic.org/partners](http://www.apic.org/partners). © 2009 Professional Disposables International, Inc. 150.0001.2008 Certified Images copyright Serg Zastavkin, Norman Pogson and marekLuzsz. 2009.
