

PDI® TOUCHPOINTS™

What's the fastest way to become an expert in Infection Prevention?

Partner with PDI.

We'll provide the expertise and resources your customers need to meet the daily challenges of infection prevention and patient care within their environment of care.

PDI's comprehensive portfolio of trusted infection prevention products addresses the everyday touchpoints – medical equipment, computers, door handles, hands, even patients themselves – that can contribute to the spread of infection in healthcare environments.

But PDI doesn't stop there. Our commitment includes a dedicated team of Field Representatives and Medical Science Liaisons who educate, train and support you and your customers in infection prevention. From skin antiseptics to surface care, hand hygiene and patient care, PDI's goal is to help your customers achieve and maintain the highest level of infection prevention possible – from admission to discharge, and every touchpoint in between.

Get in touch with PDI.
