

**PDI® TOUCHPOINTS™**

## Protecting your every touch...

We understand that touchpoints within your practice, both human and inanimate, are all interconnected. So too should the products and solutions you use to address these touchpoints.

PDI has a complete portfolio of trusted and effective infection prevention products, such as:

◎ **SUPER SANI-CLOTH® & SANI-CLOTH® PLUS**

- Presaturated with germicidal solution to kill pathogenic bacteria and viruses
- For use on hard non-porous surfaces

◎ **SANI-HANDS® ALC**

- Kills 99.9% of microorganisms
- Friction from wiping removes germs (unlike gels)
- Clinically proven to moisturize hands with repeated use

### Get in touch with PDI.

To learn more about PDI's affordable, practical infection prevention products and how we can help protect your practice's touchpoints, call our Infection Prevention Team at: **1.800.999.6423**
