

PDI® TOUCHPOINTS™

Schools should provide a secure and carefree environment for learning...

With high concentrations of students interacting in close quarters, schools are ideal environments for the spread of infection including flu viruses* and MRSA. Our comprehensive portfolio of trusted infection prevention products conveniently address everyday touchpoints found throughout schools – desks, chairs, door handles, equipment, bathroom surfaces, hands – that can contribute to the spread of infection among students, teachers and staff.

◎ SURFACE DISINFECTION

**SANI-CLOTH® PLUS GERMICIDAL DISPOSABLE CLOTH
& SANI-CLOTH® HB GERMICIDAL DISPOSABLE WIPE**

- Bactericidal, Tuberculocidal and Virucidal – Kills Influenza A2 and MRSA
- For use on hard non-porous surfaces such as desks, tables, bathroom fixtures

◎ HAND HYGIENE

**SANI-HANDS® ALC ANTIMICROBIAL ALCOHOL GEL HAND WIPES
& SANI-HANDS® FOR KIDS ANTIMICROBIAL ALCOHOL GEL HAND WIPES**

- Kills 99.99% of microorganisms
- Food Code compliant formula
- More effective than gels. Friction from wipe removes germs.
